### Fun Facts

- Enjoys walking in nature
- Junkie for history
- Loves food & naps

### Jeanine's Passions

**Progressive education.** Jeanine supports the value of experiential learning by incorporating real life experiences into the classroom setting.

**Her current research interests** include the connection between interprofessional education for students and interprofessional & collaborative practice for clinicians.

### Program Highlights

- Hands-on experiences for classes
- Individual attention during clinical rotations
- Fully immersive clinical experiences
- Faculty specialty certifications in specific areas to enhance their teaching knowledge base.
