Welcome back, everyone! This is the final stretch and, let me tell you, these next eight weeks will go faster than you could ever imagine. That being said, we must put the pedal to the metal. If we need funding requests or goals to be completed, **NOW IS THE TIME!** At the same time, savor every moment this semester has left to offer. There is a lot to still come out of SGA these next few months. I will put money on the fact that this will be the most successful year SGA has seen yet! **HAPPY SPRING**
