Objectives

Following the presentation, participants will be able to:

1. Identify common myths and misperceptions about foods and beverages.
2. Understand the link between food and beverage components and human behavior.
3. Interpret fact from fiction, as it relates to food and beverage components.

TARGET AUDIENCE

- Dietitians and Diet Technicians
- Faculty and Students
- School Food Service Directors
- Allied Health Professionals and Affiliates

CREDITS

The Commission and Dietetic Registration of the American Academy of Nutrition and Dietetics requests that two continuing professional education units (CPEU) be given to Registered Dietitians and Diet Technicians. This is a Level 2 program.

Directions

To Marywood University

From U.S. Interstate 81, Exit 188 (old exit 55), follow directional signs at the end of the exit ramp toward Dunmore. (If you are traveling north on 81, make a left at the light at the O’Neill Highway, which becomes Blakely Street.) Follow Blakely Street to traffic light at Drinker Street. Turn right onto Drinker Street, this merges with Electric Street.

Proceed to second traffic light. At this intersection, turn right onto North Washington Avenue, and proceed past signs for the main entrance to the campus. At fourth stop sign on North Washington, turn right onto University Drive.

Proceed up the hill and go past the building - Keith O’Neill Center for Healthy Families - make the second left after you pass the building to the parking lot behind the Mellow Center
