Things to do now, so you can be ready for move-in day (Friday, August 21)

- Once you receive the Housing and Dining Agreement and the Housing and Dining Preference Form documents in the mail in early April, complete both forms and return them to the following address:
  Housing and Residence Life Office
  Marywood University
  Tony Domiano Center for Student Life
  2300 Adams Ave
  Scranton, PA 18509.
- Take steps to comply with Pennsylvania state law, signed on June 28, 2002, that requires vaccinations against meningococcal meningitis for students living in University Housing. **ALL residents at Marywood must be vaccinated before moving into University Housing for the 2015 Fall Semester.** Students choosing to be exempted from the law must sign a waiver form stating that s/he reviewed the information and has chosen not to be vaccinated against the disease for religious or other reasons.
- Complete the Health History and Immunization Record, which is required for students to receive care from the Student Health Services Office. A copy of the form can be found at [www.marywood.edu/healthservices/forms/](http://www.marywood.edu/healthservices/forms/)

When packing for campus, we suggest you consider bringing...
*(but remember you are sharing a space so everything you want to bring may not fit, but everything you truly need will fit)*

- Emergency information including the name and phone number of your family doctor, your insurance policy number, any allergies, medical conditions and prescribed medications, and whom to contact in an emergency. **Staff will ask for some of this information on opening day.**
- Bath and bed linens – students find that twin XL sheets work best
- Mattress pad/cover/egg crate
- Pillows
- Power strips – must have a circuit breaker/reset button (extension cords not permitted)
- Desk lamp (may not have a halogen light bulb)
- Shower curtain and rings
- Cleaning supplies
- Stapler, paper clips, etc.
- Small dry erase board for room door
- A file to store important University documents
- Computer and printer (labs are available)
- TV and cable cord
- Microfridge from CSI Campus Specialties ([www.mymicrofridge.com](http://www.mymicrofridge.com)) or Energy Star rated small fridge – 3.0 amps or less
  - (optional)
- USB cord for printer
- Alarm clock

For your safety and for those around you, these items are **NOT** permitted:

- Free standing microwaves
- Extension cords and multi-plug adapters (must be a power strip with circuit breaker/reset button)
- Candles, incense
- Pets other than fish – must be in a 10 gallon tank or smaller
- Air conditioners
- Space heaters
- Wireless Routers
- Crock pots and rice cookers
- Toasters, toaster ovens, or similar cooking items with exposed heating coils
- Hot plates, electric skillets or grills and similar cooking devices
- Halogen lamps or multi-bulb lamps
- Nails, tacks or tape that damage walls
- Items hung from or attached to the ceiling
- Alcohol or alcohol containers
- String lights (including holiday lights)
