Introduction

The Career Development Center's Annual Report of the post-graduation activities of the Class of 2021 consists of two sections. The first section describes the Career Development Center in terms of mission, goals, objectives, personnel, and services. Section two provides an executive summary of the responses of baccalaureate graduates.

Section One Career Development Center

Missions, Goals, and Objectives

The mission of the Career Development Center is to support the Enrollment Services and Student Success mission and the University's academic mission of educating men and women of all ages in undergraduate, graduate, and continuing education programs. A primary goal of the office is collaboration with academic departments to foster the self-development of the student through career planning. Additional goals of the office are to assist the student or alumni in decision-making, transition to the work world, and pursuit of further education. Services are reviewed and evaluated to identify student needs in an evolving society and to meet those needs creatively through on-going program research and planning.

Objectives of the office are to assist the student with:

1. Self-exploration and assessment;
2. Acquisition of vocational and career information;
3. Research on graduate study and employment opportunities;
4. Presentation as a candidate for employment or graduate school; and,
5. Preparation for optimal employment or further education.

Office Personnel

Christina R. Brundage, Ph.D.

Director of Career Development

Michelle Ketten, M.S.

Assistant Director of Advising & Career Development

Section Two Executive Summary

Objectives

Alumni post-graduation activities for undergraduate members of the Class of 2021 are demonstrated by categories including full-time employed; full-time employed and in graduate school; part-time employed and in graduate school; part-time employed; in graduate school; unemployed; and, not seeking employment or in graduate school. In addition, graduates are grouped as follows: the proportion of graduates employed in their field of preparation; employed in another field, employed in Pennsylvania, employed outside Pennsylvania. The average salary of full-time employed graduates was \$52,818. Graduates employed, in graduate school or involved in a combination of similar activities was 99.6%.

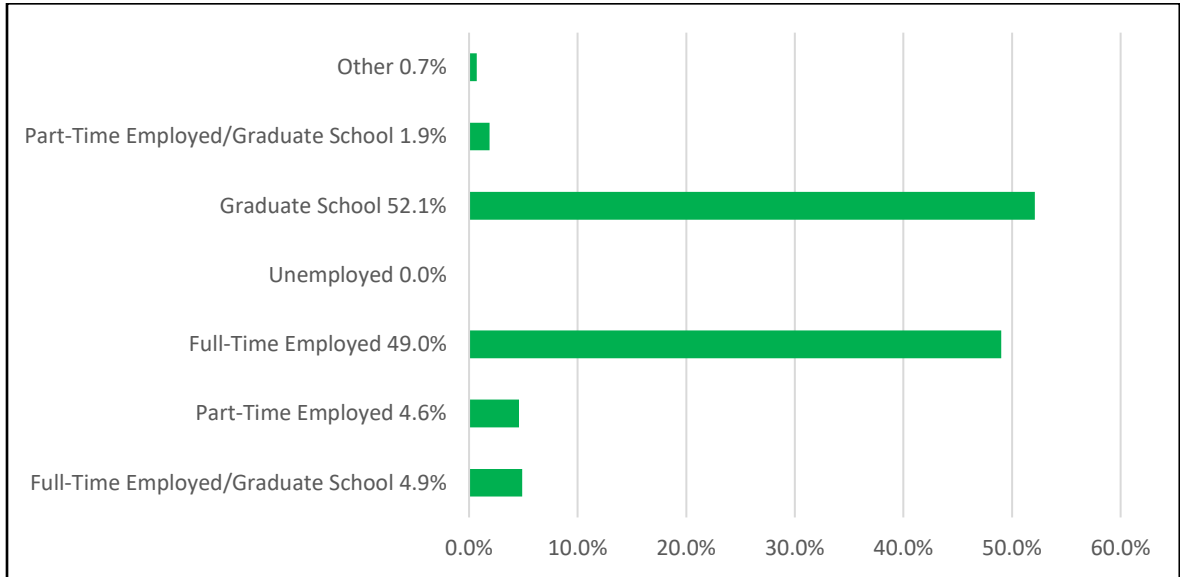

Methodology

All graduates from July 2020 through June 2021 were included in the survey time period. Graduates were emailed a survey link up to five times. Social media such as LinkedIn, Twitter, Facebook, and Instagram were utilized to disseminate the survey link which was advertised up to five times and shared throughout the social networking sites by other users and connections. In addition, LinkedIn was used to obtain employment and graduate school attendance data on graduates who did not respond. The knowledge rate obtained for undergraduates was 65% (263 students of 403 graduates).

Undergraduate Alumni Survey Results

Figure 1 indicates the Employment and Education Status of Graduates.

Figure 1

Undergraduate Alumni Full-Time Employment Status

Figure 2 represents the full-time employment status by in PA and out of PA and in field or out of field. Table 1 represents the information in a table format.

Figure 2

Table 1

Employed in Field	95%
Employed in PA, in Field	57%
Employed out of PA, in Field	38%
Employed out of Field	5%
Employed in PA, out of Field	5%
Employed out of PA, out of Field	0%

Full-Time Employers of Undergraduate Alumni by Geographic Location

Figure 3 represents the full-time employers of undergraduate alumni by state. 71 full-time alumni are currently working for employers in Pennsylvania, 13 in New York, 14 in New Jersey, 3 in Maryland, 5 in Florida, 1 in Connecticut, and 3 in Washington D.C., 1 in Georgia, 3 in Massachusetts. 2 alumni reported working full-time in Saudi Arabia.
