

Financial Aid Special Circumstances Form

2026-2027 Academic Year

Student Name: _____ Marywood Student ID: _____

The Free Application for Federal Student Aid (FAFSA) advises you to contact the financial aid administrator at your school if you have faced a hardship not reflected in the tax and income information reported on the application that would affect your ability for student financial aid.

To set realistic expectations, we cannot guarantee that your circumstance will warrant a recalculation of your financial aid eligibility; however, we do intend to be fair and timely. If conflicting information is present on the application through the review, we will be obligated to make corrections to your FAFSA that may result in a loss of financial aid. The review process may take 2-4 weeks from receiving all necessary documents, and you will receive notification of the results by email.

Important: Below are typical circumstances and documentation to provide for our review. Reasons based on consumer debt, mortgage or rent, personal expenses, or other discretionary expenses are not considered. Incomplete documentation will delay or prohibit our ability to accurately review your situation. Our office may be required for additional documentation not listed below.

For all circumstances, you **MUST** submit the following:

- 2024 Signed Federal Tax Return with schedules
