

Marywood
UNIVERSITY

ANNUAL REPORT *of the* PRESIDENT
2007-2008

Message from the President

Dear Friends,

There was much to celebrate during this past year at Marywood University.

From a personal perspective, it was a transformative experience to serve my inaugural year as Marywood's 11th president. However, I do not and could not do this alone. While this special year has provided an exciting backdrop, the meaningful role that each of you plays in shaping the future of this University is the underpinning of what continues to inspire and create our outstanding progress.

In keeping with the spirit of progress, we decided this year to produce a “green” President’s Report—a solely online piece—to reduce our use of paper products and take another positive step in our ongoing efforts to cultivate and practice environmental stewardship. According to *The Chronicle of Higher Education*, “institutions of higher education are poised to play a leading role in developing and executing climate-neutral policies.” (“A Green Curriculum Involves Everyone on the Campus,” by John Peterson, June 20, 2008 issue) Marywood University continues to evaluate its current practices and engage in future initiatives with environmental considerations in mind—for the benefit of our students, our campus, our community, and our world.

This report represents the fiscal year 2007-2008, covering the period July 1, 2007 through June 30, 2008. Please accept my deepest appreciation for all you have done to advance the goals, initiatives, and mission of Marywood University. I am enthusiastic about the progress we have made, as well as the momentum we continue to generate, and I look to our future with great optimism and abundant hope.

May our shared enthusiasm for goals accomplished, along with anticipation of opportunities that lie ahead, continue to strengthen Marywood University’s position as a premier provider of Catholic higher education in the 21st Century.

Sincerely,

A handwritten signature in green ink that reads "Sister Anne Munley". The signature is written in a cursive, flowing style.

President of the University

Marywood Highlights 2007-2008

The year began in an historic way, as **Sister Anne Munley, IHM, Ph.D.** officially became the **11th President of Marywood** on July 1, 2007. A ceremonial inauguration was held in the fall. The overarching theme of “*Celebrate Marywood*” was presented through an integrated series of events and messages tied to this 2007-2008 inaugural theme. During her inaugural address, Sister Anne emphasized that the Catholic education Marywood provides, “blends the pursuit of a life of wisdom with the development of human potential for the sake of the common good.” She concluded by issuing a stirring challenge to students, emphasizing that they have “a right and duty” to dream, to hope, to envision possibilities for a better world, and to fully realize these aims. “I charge you today to be courageous and hopeful, become global citizens, choose life, claim your goodness and convert your dreams to deeds,” she said.

For the **fifth consecutive year**, Marywood University is again ranked in the **Top Tier** of “Best Universities—Masters—North” in the *U.S. News & World Report’s* annual guide, *America’s Best Colleges 2008*.

The 2007-2008 academic year began with nearly 1,100 new students from 14 states and 7 countries, bringing the Marywood University student body to **2,017 undergraduates** and **1,316 graduate students** for a total of 3,333 students—the majority of whom were full-time. The incoming freshmen hailed from 230 different high schools, and transfer students came from 63 different colleges or universities. During 2007-2008, there were **more than 900 students residing on the Marywood campus**. With the addition of Loughran Hall and the fully renovated Madonna Hall, total housing capacity increased to 927 spaces.

Marywood University announced the addition of **seven newly endowed scholarships** and the establishment of **five new annual scholarships**. During the 2007-2008 academic year, **over \$21.6 million** in scholarship awards and financial aid grants were made to Marywood students.

Ken Rundell, Ph.D., Director of Respiratory Research and the Human Physiology Laboratory at Marywood University and an expert on asthma and air pollution, **spoke at the International Olympic Committee Medical Commission** consensus meeting on asthma, held in Switzerland in January 2008. Dr. Rundell, the sole United States representative asked to speak at this meeting, gave two presentations on air pollution, asthma and Olympic sport, both of which dealt with recent research that he conducted on asthma and air pollution.

Over 150 families in the Scranton area were supplied Thanksgiving dinner last year, thanks to Marywood University's Campus Ministry. Student leaders coordinated the annual “**Thanksgiving Adopt-A-Family**” program

Marywood Highlights 2007-2008

Marywood University's Speech-Language-Hearing Clinic got into the Christmas spirit by offering the gift of healthy hearing to the community last year. The clinic hosted **three free hearing screenings** in the William G. McGowan Center for Graduate and Professional Studies. The Speech-Language-Hearing Clinic is staffed by Pennsylvania licensed and ASHA certified audiologists and speech language pathologists.

Marywood University is transforming its core curriculum classrooms into **technology-integrated, flexible learning spaces** with a \$125,000 grant from the George I. Alden Trust in Worcester, Massachusetts. The University also received assistance from the George Alden Trust in 2004 to create "**Smart Classrooms**" in five campus buildings.

Volunteers mean so much to the lifeblood of any institution, and Marywood University is no different. The Office of Constituency Relations reported a **62% increase in the number of volunteers serving Marywood**. Over 350 alumni, parents, and friends provided volunteer service to the University in support of our students during the 2007-2008 academic year.

Straight from Turkey, the **Whirling Dervishes of Rumi** performed at Marywood University's Sette LaVerghetta Center for the Performing Arts on Wednesday, October 17. Seen as one of the **most exquisite ceremonies of spirituality**, the Dervishes enacted a mesmerizing seven-century old ritual, through a vibrant performance that featured beautiful costumes and hypnotic, live music with flutes, string and percussion.

Marywood University, building on the success of its graduate Sports Nutrition program and anticipating the needs of this emergent sector of wellness and health care professionals, announced the approval of a new **Master's degree in Kinesiology**, which began in fall 2008.

Other cultural and community events included Marywood University's Theatre and Dance Program **joining forces with The Northeast Theatre's** *Zuppa del Giorno* and playwright **Steve Deighan** to create *Prohibitive Standards*, the 2007-2008 Portal Project, which premiered on October 4 in the Sette LaVerghetta Center for the Performing Arts. *Prohibitive Standards* is a play that was created entirely in rehearsal and which featured five members of *Zuppa del Giorno*, as well as four Marywood students trained in the technique. The play, set in the main ballroom at the Hotel Jermyn in Scranton, depicted the immediate post-Prohibition atmosphere, when news broke about the repealing of the 18th Amendment to the Constitution.

Celebration of culture and diversity was the theme of the events taking place at Marywood University from November 12 -18 during **International Education Week 2007**. International Education Week activities featured the annual international dinner on Monday, November 12. Students from different cultures prepared dishes native to their countries to share with students and faculty. Additional activities throughout the week included a panel discussion, "**Our Country, Our Culture**," presented by students representing Turkey, Czech Republic, Slovakia, and Taiwan, **world dance lessons**, and an **international art and photo exhibit**.

Marywood Highlights 2007-2008

Three Marywood University students and **Net Impact NEPA Officers** participated in a **United Nations program** designed to shape business school curricula. **Paula Ralston Nenish**, Archbald; **Ida Bridges**, Scranton; and **Frank DiCindio**, Throop, attended a working session at the United Nations on January 25, 2008. The program, titled *The Principles for Responsible Management Education (PRME)*, launched at the 2007 Global Compact Leaders Summit on July 5 in Geneva, provided an engagement framework specifically for academic institutions to advance corporate social responsibility through the incorporation of universal values into curricula and research.

The Insalaco College of Creative Arts and Management at Marywood University presented a performance that explored the art and theatrics of puppetry, with *Bread and Puppet Theatre* on March 9, in the Sette LaVerghetta Center for the Performing Arts. The public performance was the culmination of a weekend-long workshop presented to Marywood University students, faculty, staff, and friends by artist **John Bromberg** and **Peter Schumann**, the Bread and Puppet founder. The weekend also was part of John Bromberg's month-long display at Marywood University, titled *The Sisyphus Project – Part II*.

Another season of “**Music at Marywood**” outdoor summer concerts enjoyed another successful season. The outdoor concert series, which has become a cherished regional tradition, was established by **Mr. William Weber**, Assistant Professor of Music, during the first year of his Marywood tenure. Mr. Weber, who has musically educated others for more than three decades, continues to organize the annual series and to conduct each concert.

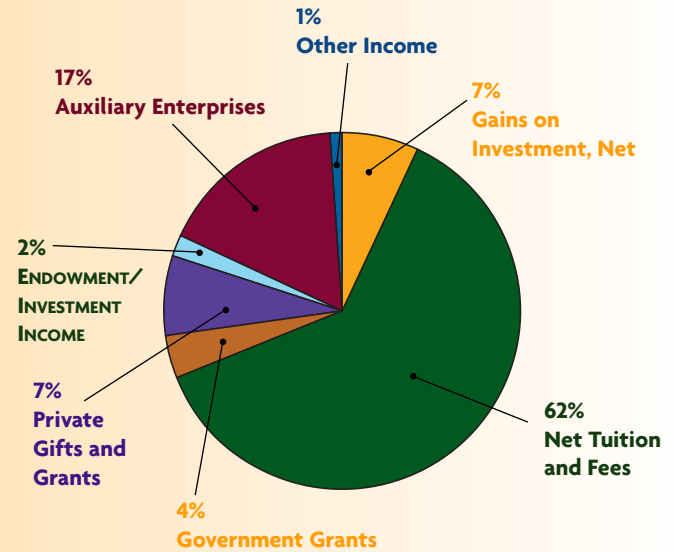

Spring Break was not a time for relaxation for **28 Marywood University students**, as they offered their services to four different communities this year, including Scranton. The **service trips** were coordinated by Marywood University's Campus Ministry and Collegiate Volunteers and took place the week of March 12. Four student groups were sent to different locations during the week.

Sister Mary Reap, IHM, Ph.D., C.M.F.C., President Emerita of Marywood University, and **Mr. Joseph K Grieboski**, President of the Washington, D.C.-based Institute on Religion and Public Policy, were presented with **honorary doctorates** at Marywood University's 90th Commencement ceremony on Sunday May 11, 2008, at the Wachovia Arena, Wilkes-Barre. Mr. Grieboski also delivered the Commencement address

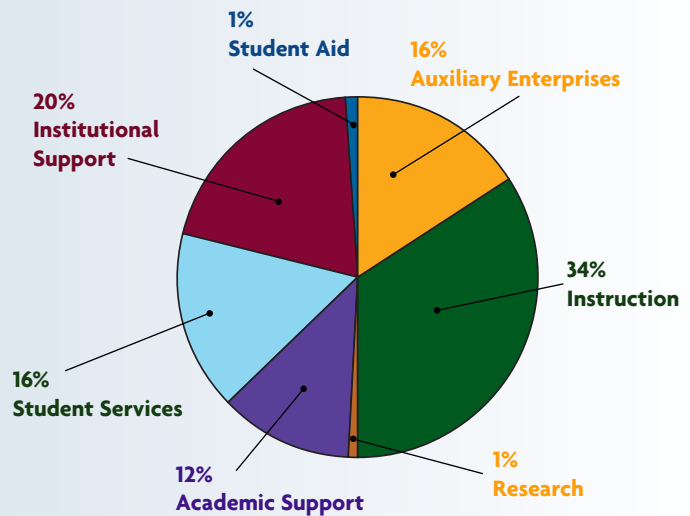

Two tracks to obtaining an **undergraduate degree in Philosophy**—traditional and applied—were approved and began in the fall of 2008. The traditional major in Philosophy is a stand-alone program, although the Philosophy Department encourages students to have a double major or pursue at least two minors to accompany the traditional major. The program in Applied Philosophy, which aims to broaden students' reflective and critical thinking skills as they apply to contemporary social concerns and issues, must be done as a second major.

Statement of Activities 2007-2008

MARYWOOD UNIVERSITY BENEFACTOR LISTING 2008

Recognizing contributions to Marywood
for fiscal year July 1, 2007 through June 30, 2008.

PRESIDENTIAL SOCIETY MEMBERS

The Presidential Society - a vital association of friends of Marywood whose leadership and philanthropic support serve as a source of strength for the university. The Presidential Society is comprised of three distinct giving clubs as defined:

- **DISTINGUISHED MEMBERS OF THE PRESIDENTIAL SOCIETY** - who have presented the university with annual gifts totaling \$5,000 or more.
- **SISTER M. COLEMAN NEE, IHM SOCIETY** - whose members have made gifts to the university totaling \$2,500 to \$4,999 within the fiscal year.
- **MARYWOOD AMBASSADORS** - who have contributed gifts totaling \$1,000 to \$2,499 during the fiscal year.

Distinguished Members \$5,000 and above
