FALL FACT BOOK 2020-2021

Office of Planning and Institutional Effectiveness

Mission Statement

Marywood University, sponsored by the Congregation of the Sisters, Servants of the Immaculate Heart of Mary, roots itself in the Catholic intellectual tradition, the principle of justice, and the belief that education empowers people. The University integrates an enduring liberal arts tradition and professional disciplines to create a comprehensive learning experience. Our undergraduate and graduate programs promote academic excellence, advance innovative scholarship, and foster leadership in service to others. Within a welcoming and supportive community, Marywood challenges individuals of all backgrounds to achieve their full potential and make choices based on spiritual and ethical values. Marywood University prepares students to seek sustainable solutions for the common good and educates global citizens to live responsibly in an interdependent world.

MEMORANDUM

TO: Marywood University Colleagues

FROM: Leslie Worrell Christianson, M.S.L.I.S.
Assistant Provost

RE: Fact Book 2020-2021

DATE: January 13, 2021

The Marywood University *Fact Book 2020-2021*, twenty-sixth edition, presents concise tables of data counts and trends on students, personnel, finances and facilities. Input is submitted by many campus departments and units and then assembled and published by the Office of Planning and Institutional Effectiveness. Sincere thanks to our campus colleagues for their assistance.

We welcome your comments and suggestions for producing a *Fact Book* with the most timely and useful information possible for the entire campus. The contact person in the Office of Planning and Institutional Effectiveness for questions and comments on the *Fact Book 2020-2021* is Leslie Worrell Christianson, who may be reached at lchristianson@maryu.marywood.edu or 570-348-6211.

ATHLETICS AND RECREATION

Twenty-two varsity teams are sponsored. The University is a member of the National Collegiate Athletic Association (NCAA) Division III, the Atlantic East Conference (AEC), the Eastern College Athletic Conference (ECAC) and the Landmark Conference (women's golf). Twelve sports are offered for women and ten for men:

Women	Men
Basketball	Baseball
Cross Country	Basketball
Field Hockey	Cross Country
Golf	Golf
Lacrosse	Lacrosse
Rugby	Rugby
Soccer	Soccer
Softball	Swimming/Diving
Swimming/Diving	Tennis
Tennis	Track and Field (Indoor/Outdoor)
Volleyball	

A selection of intramural and club sports also is available. Club sports have included: climbing, dance team and cheerleading among others. A wide range of activities are offered through the intramural sports program. Traditional team activities such as basketball, volleyball, flag football, tennis and softball are available in addition to innovative programs like ultimate Frisbee and 100 Mile Fitness Club. Recreation programs include land and water aerobics classes and fitness challenges. The Center for Athletics and Wellness is a state-of-the-art facility with a fitness center, climbing wall, an elevated running track, a dance/aerobics studio, a 1,500 seat arena and high tech athletic training areas. The Aquatics Center features eight lanes, one meter and three meter diving boards, spectator seating and team rooms. The major expansion of the university's athletics and recreation facilities within the last decade was designed to complement the outdoor facilities that include a lighted multipurpose turf field, tennis courts, sand volleyball court, basketball courts and three grass fields.

Information Technology

Information Technology (IT) is responsible for providing technology and related support to the Marywood University campus. In service of this purpose, IT is comprised of three operational areas: Educational Technology Services, Enterprise Services, and Infrastructure Services.

Educational Technology Services

The Educational Technology Services (ETS) team serves two dynamic purposes. First, ETS serves as a bridge between the Office of Information Technology and Academics to support and assist faculty in teaching online, hybrid, web-enhanced, and traditional courses through the implementation of technology using best practices and proven instructional design techniques.

Second, ETS serves as the local expert on the use of various campus software programs and technologies. As such, we are able to assist faculty and staff in their effective use resulting in increasingly effective interactions between each other and for students.

Services provided by ETS include Instructional Design, Software Training, Large-Format Color Poster Printing, E-Billboard Announcements, Circulation of Digital Still/Video Cameras as well as support of Moodle, Panopto and Classroom Technology.

Help Desk and Technology Support

The IT Help Desk, a segment of ETS, provides basic hardware, software, printing and network support. Contact them through a web-based ticketing system to easily communicate, track, and resolve issues; they can also be reached via phone or email. The Help Desk also monitors the computer labs across campus, ensuring the computers and printers are working properly.

The Technology Support team is responsible for the technical support of the University's end user computing devices such as desktops, laptops, printers and mobile devices. Support includes hardware and software installation and troubleshooting, as well as technology purchasing recommendations.

Enterprise Services

Enterprise Services is responsible for supporting the University's central software and database applications utilized by both administrative and academic departments. The Ellucian ERP system provides the primary software used by the Registrar's Office, Admissions, Finance, Financial Aid, and HR. In addition, Enterprise Services is also responsible for the support and maintenance of the Marywood website.

Enterprise Services provides ongoing technical support for effective data and process operations throughout all areas of the university. This includes programming for the Colleague ERP system and auxiliary systems, customized report services and analytics and database operations and maintenance.

Infrastructure Services

Infrastructure Services is responsible for supporting Marywood's network, Wi-Fi, phone system, servers, G Suite, Identity Access Management, and all the centralized software packages used on campus. Infrastructure Services recently worked on deploying Apps Anywhere to our private cloud, deploying remote Labstats, cutover our internet and phone provider to new partners to significantly lower costs. IT is currently in the process of upgrading the network from a 1GB fiber backbone to a 10 GB fiber backbone, a 5-year hardware network refresh cycle was approved and Phase 1 completed, phase 1.5 is planned during the winter break, setting up High Availability with our Wireless Controllers, a data center hardware refresh, new backup solution, Disaster Recovery site setup and replication.

The fiber backbone connects all major classrooms, administrative buildings, and residence halls. Buildings are wired for telephony, data and video. Over 320 wireless access points are located throughout the campus buildings, including residence halls. The University has two divergent connections to the Internet providing over 2 GB of bandwidth.

Computer Labs

The Office of Information Technology maintains computer labs and drop-in areas in various buildings on campus. Most labs contain Windows-based PCs with Macintosh computers in buildings housing the arts. All have a high-speed Internet connection, scanners, pay per page laser printing, and Microsoft Office, as well as a number of specialized programs as needed by various departments. For students who cannot access the computer labs in person, a variety of applications found in the labs can also be used off-campus via an app-virtualization program.

Peer-to-Peer Policy Statement

Marywood University prohibits Peer to Peer (P2P) network traffic from the campus network because of its widespread use in distributing illegal or copyrighted material. The Office of Information Technology reserves the right to remove any computer in question from the network entirely if it is found to be distributing or collecting illegal or copyrighted material, or using excessive amounts of network bandwidth to the detriment of other computers on the network.
